

APD Providers

If you are a Provider with the Agency for Persons with Disabilities, the following information will help you

The TRAIN Florida APD LMS Support team has automated the account creation process. (Click here to see the process map).

PLEASE DO NOT CREATE A TRAIN FLORIDA LEARNER ACCOUNT

If you work for multiple agencies, you only need one TRAIN Florida learner account.

TRAIN Florida Provider learner accounts are created by request. The Provider Agency or Solo Provider completes the new learner account upload Excel spreadsheet and sends it via email, to the TRAIN Florida APD LMS Support Team. The new learner **must have an individual** valid email account before an account can be created. The Support Team uploads the TRAIN Florida new learner account information into TRAIN Florida. New learners will receive their log in information and instructions via email. The Provider Agency will also be notified of account creations. **Please contact your agency if you have not received your TRAIN Florida account information.**

If duplicate accounts are created, the TRAIN system identifies accounts using the same name and/or email address, locks both accounts, and alerts the TRAIN Florida APD Support Team. The Support Team must merge the accounts. Once the process is completed, the system will send learners an email with the merged account login information.

5. Demonstrate how to locate TRAIN Florida APD Training Plans.
6. Demonstrate how to locate TRAIN Florida course assessment and evaluations.
