

Pre-Enrollment and Waiver Support Coordination Updating Consumer Demographics

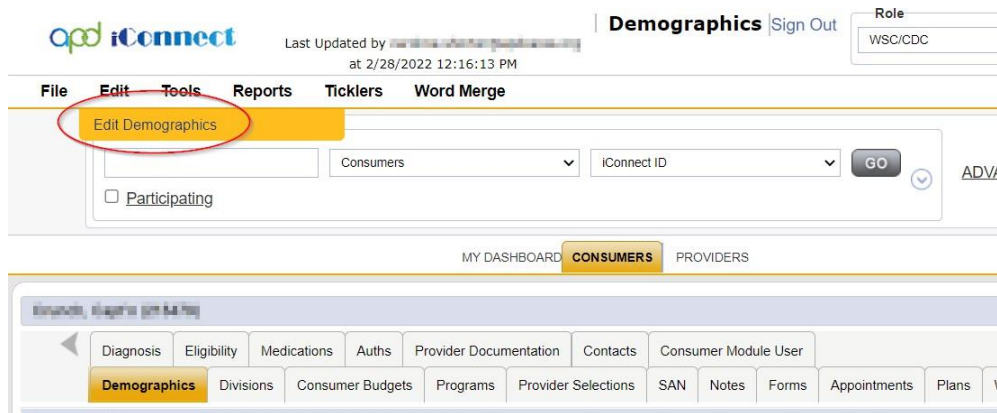

Pre-Enrollment and Waiver Support Coordinators (WSCs) must ensure that the Consumer Demographics within iConnect are up to date.

The Support Coordinator is responsible for entering, updating, and ensuring the accuracy of all demographic and recipient-related information pertinent to the recipient in iConnect. Information includes recipient address, county of residence, living setting, legal representative name, and address (if applicable), employment information, and type of benefits received.

The Support Coordinator must update this information within 7 days of becoming aware of the change.

Access the Consumer Record

1. To begin, log into iConnect and set Role = WSC/CDC or Pre-Enrollment Workstream Worker. Click **Go**
2. Navigate to the Consumer Demographics record and click **Edit > Edit Demographics**

The screenshot shows the iConnect user interface. At the top, there is a navigation bar with the iConnect logo, a 'Last Updated by' field, and a 'Demographics | Sign Out' button. Below this is a menu bar with options: File, Edit, Tools, Reports, Ticklers, and Word Merge. The 'Edit' menu is expanded, and 'Edit Demographics' is highlighted with a red circle. Below the menu, there are input fields for 'Consumers' and 'iConnect ID', a 'GO' button, and a 'Participating' checkbox. At the bottom, there is a dashboard with tabs for 'MY DASHBOARD', 'CONSUMERS', and 'PROVIDERS'. A secondary navigation bar contains various modules: Diagnosis, Eligibility, Medications, Auths, Provider Documentation, Contacts, Consumer Module User, Demographics (highlighted), Divisions, Consumer Budgets, Programs, Provider Selections, SAN, Notes, Forms, Appointments, Plans, and V.

How to add a Residence Address in iConnect for APD consumers without a Residence Address

Below are instructions on how to document residence address and “home” Region for clients who are homeless or in a different Region at DDDP, in an ICF, jail, hotel, etc. iConnect is programmed to only show a “Region” designation when there’s a “Residence” address type. In the example below, the client is at DDDP in Chattahoochee with a “Temporary” address, but his home region is SC, so DDDP cannot be designated as the “Residence” address or it will incorrectly designate NW as his home Region:

Contact Information	
Address Type	Temporary Address
Address	PO Box 1000
Address 2	Dddp
City	Chattahoochee
State	FL
Region	
Zip Code	32324

The details in the Consumer Address screen, shows that he has two “Temporary” Addresses (one for DDDP and one for the jail in Tampa). This client has no real residence address and no legal representative:

Address	City	State	Zip code	Active	Primary	Address Type

PO Box 1000	Chattahoochee	FL	32324	Yes	Yes	Temporary Address

<< First < Previous Retrieve 15 Records at a time Next > Last >>

When State Office runs reports his Region designation is blank because he doesn’t have a “Residence” address:

Below are the instructions on how to document a Residence address for someone who does not have one:

A. For clients with no home residence address and no legal representative:

1. Add the Regional APD address as the client's "Residence" address
2. Update the following fields:
 - a. Address – Enter the corresponding Regional Street Address
 - b. Address 2 – Enter the word: "Non-Residence"
 - c. City – Enter the Regional APD city
 - d. State – FL
 - e. Zip Code – "home" Region Zip Code
 - f. Main Phone – Enter APD Regional office main phone
3. When running the CASS validation let it fail if it doesn't recognize the word "Non-Residence" in Address 2
4. The correct "home" Region will show up in iConnect
5. The "Residence" address must be updated when (or if) a client moves into a more permanent living setting (such as family home, group home, own home, supported living, etc.) in the "home" Region.

B. For clients with no home residence address who have a legal representative residing in the "home" Region:

1. Add a "Residence" address
2. Enter the legal representative address
3. Validate address as usual
4. The correct "home" Region will show up in iConnect

C. For clients with no home residence address who have a legal representative residing in another Region (or State) enter the Regional APD address as indicated in "A" above.

D. Add as many "Temporary" addresses as necessary and mark the client's physical location as "primary."
